

Automatic per diem and expense tracking mobile app *fleet solution.*

Per Diem Plus® FLEETS is ideal for motor carriers with more than 50 drivers. It is a fully configurable mobile application platform that automates administration of an IRS-compliant accountable trucker per diem plan managed through Per Diem Plus web services.

Android & iOS apps

- Fleet-branded Android & iOS apps
- Drivers can use their own device or install on fleet-owned devices
- Supports individual & team drivers with single login
- Driver ID login with two-factor authorization via SMS - Email
- Schedule automated weekly per diem reports
- Automatic Per Diem Plus® platform updates

PDP **Never Lost** feature: Data is stored on fleet-dedicated secure cloud and can be downloaded to a new device in the event of loss, damage, or theft.
