

# Per Diem Plus® FLEETS

AUTOMATE ADMINISTRATION OF YOUR FLEET PER DIEM PROGRAM

Per Diem Plus FLEETS is a configurable mobile application enterprise platform that automates administration of an IRS-compliant accountable per diem plan for truck drivers and fleet managers. No matter how big or small your company is, Per Diem Plus has a solution for you.

Truckers designed it, tax pros built it, your drivers want it. Our cloud-based FLEETS mobile app platform enables motor carriers to implement an IRS-compliant fleet per diem plan that will:

- Save a motor carrier thousands of dollars per driver
- Raise employee driver take-home pay
- Enhance driver recruiting & retention
- Automate per diem payroll accounting & tax compliance
- Eliminate the need to retain ELD backups for 3 years

**IRS-Compliant:** Per Diem Plus® is the only IRS-compliant solution for Special Transportation Industry per diem for solo and team driver travel in the USA and Canada.

**Fully Automated:** Drivers have more important things to do than “play with an app”. We automatically track each qualifying day and partial day of travel away from home. Fleet per diem reports are sent automatically based on your payroll schedule.

## Case Study

Company Drivers

\$255,000

1<sup>st</sup> Year Fleet Savings

4.1¢

Per Mile Driver Raise

\$3,000

Fleet Savings Per Driver

GPS-Based Tracking: Per Diem Plus® utilizes Platform Science ELD gateway or mobile device GPS to establish IRS-required “time, date and place” substantiation to prove away-from-home travel.

Proven: Drivers have logged millions of miles using Per Diem Plus! Join those that value their time, love to eliminate inefficient paperwork, and want to simplify tax compliance and save money.

Easy Setup: An IRS-compliant mobile application platform that allows for rapid deployment with minimal investment in dollars and/or IT resources.

Easy to Use: Web services interface that allows non-technical users to manage individual and team drivers operating both ELD-exempt and non-exempt vehicles.

Scalable: Whether 5 or 15,000 trucks, our secure cloud-based platform will meet the growing needs of your fleet.

Data Plan Friendly: An average driver on the road for a month will use less than 50MB per month.
