

Product Guide

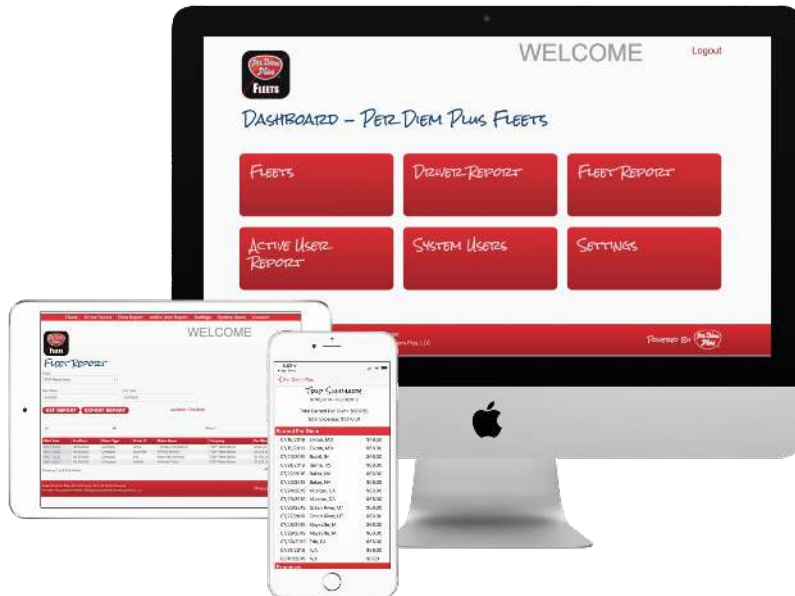

At Per Diem Plus, we understand the significance of efficiency when it comes to per diem tracking and payroll reporting for truck drivers. That's why we've made automation a cornerstone of our platform.

Streamlined Per Diem Tracking: With Per Diem Plus, the days of manual calculations and downloading ELD backups are long gone. Our automated system ensures that per diem tracking is a breeze. It's accuracy without the effort.

Effortless Payroll Reporting: We've designed our platform to streamline per diem accounting. It's fast, accurate, and reduces the administrative burden on your accounting professionals.

Real-Time Compliance: We keep you in compliance with the latest IRS regulations in real-time. No more worrying about keeping up with changing rules - our system does it for you.

The Power of Time: By automating per diem tracking and payroll reporting, we give you the gift of time. Time to ensure you are getting the maximum tax benefits you deserve.

GPS-Based Tracking: Per Diem Plus® utilizes GPS to establish IRS-required “time, date and place” substantiation to prove away-from-home travel.

Proven: Drivers have logged millions of miles using Per Diem Plus! Join those that value their time, love to eliminate inefficient paperwork, and want to simplify tax compliance and save money.

Easy Setup: An IRS-compliant cloud-based platform that allows for rapid deployment with minimal investment in IT resources.

Easy to Use: Web services interface that allows non-technical users to manage individual and team drivers.

Scalable: Whether 5 or 15,000 trucks, our secure cloud-based platform will meet the growing needs of your fleet.

Data Plan Friendly: An average driver on the road for a month will use less than 50MB per month.
